

How to get here:

By Metro: This metro station is just 4 stops from Termini on Line B (Blue Line) in the direction of Laurentina. We meet at a caffè called Caffè Piramide, which is situated outside the station, in Piazza Ostiense.

By Taxi: If you are taking a taxi, just ask the driver for the station called Piramide. You will know you are in the right place when you see this across the road - Piramide Cestia, or the pyramid of Cestia, where the metro stop gets its name.

This is the caffè where you will meet your guide. It is situated to the right of the metro station as you are facing the entrance from the piazza. You will see the Pyramid across the road from the caffè as in the above photograph.
