Meeting point for Ostia Antica – Piramide Metro Station - Caffè Piramide.

This metro station is just 4 stops from Termini on Line B (Blue Line) in the direction of Laurentina. We meet at a caffè called Caffè Piramide, which is situated outside the station, in Piazza Ostiense.

If you come by metro, just go up the escalator at the platform and exit the station. You will immediately see the Caffè once you exit the station:

You will find your guide here, sipping an espresso or capuccino! S/he will have a list of the names of everybody on the tour, so you should print your confirmation as proof of your booking and produce this when requested.

The entrance to Piramide Station, in Piazza Ostiense. If you are coming by metro, you will exit here before seeing the Caffè on your immediate left.

If you are coming by taxi, just ask the driver for the station called Piramide (pronounced "*Peer-AH-mee-day*"). You will know you are in the right place when you see this across the road - Pirmade Cestia, or the pyramid of Cestia, where the metro stop gets its name.
