

**How to get here:**

This is our only meeting point which is not situated close to a metro station, so please leave your hotel early to ensure arrival on time for your tour. The meeting point is very easy to find, being right in the centre of the Historic Centre of the city, in a small square behind the famous Pantheon, which you see illustrated on every map of Rome!

**By Metro:** If arriving by metro, the closest stop is **Spagna**, on Line A (The Red Line), which is 4 stops from Termini in the direction of Battistini. Exit the station into **Piazza di Spagna**, and keep the Spanish Steps at your back as you head down **via dei Condotti**. **Take a left on via del Corso**. Cross the road, walk for 500 metres, and take a right turn when you see the sign for the Pantheon. Once you have found the Pantheon, you cannot miss us!

**By Taxi:** Just give the driver the address. In Italian, it is **Piazza della Minerva**. If he does not speak English, show him your voucher where the address is printed.

The Pantheon – once you are here, just go to the left of this building (as you are facing it), and you will find Piazza Minerva just 50 metres down the street on your left.

Piazza Minerva, with the church of Santa Maria sopra Minerva in the background. Your guide will meet you by this unusual statue, of an elephant with an obelisk on his back!
