Meeting point for Vatican tours – Caffè Antiche Mura on via Leone IV, no.51.

If arriving by metro, the closest stop is Ottaviano, on Line A (The Red Line), which is 6 stops from Termini in the direction of Battistini. Exit the station on via Ottaviano which is on your left, and then take a right on via degli Scipioni. We meet outside the Cafè “Antiche Mura”, which is on the corner of this street and via Leone IV. There is a street sign on the Cafè, “via Leone IV”. You will see the old Vatican walls right across the road.

Caffè “Antiche Mura” – our meeting point.

This caffè also is reasonably-priced, unusual for a caffè in this district, and they have a great selection of hot and cold foods for lunch, as well as tea, coffee, pastries and ice-cream.

Your guide will have a list of the names of everybody on the tour, so you should print your confirmation as proof of your booking and produce this when requested.

The view of the Vatican walls from our meeting point. The entrance to the Vatican Museums is just 200 metres up the road from here.
